

WHAT IS CDBG?

The Community Development Block Grant Housing Rehabilitation Program is designed to eliminate health and safety issues in homes of low-income residents in the Uintah Basin. This is NOT an emergency program, applications are processed for pre-approvals as they are received, then scored by a rating and ranking for completion as funding is available.

- This is an owner-occupied housing rehabilitation program.
- It assists low-income households with repairs or replacement of major systems within their home.
- It can also provide disabled persons with increased access to and within their home.

We are an equal opportunity agency. Any accommodations including auxiliary aids and services are available upon request to individuals with disabilities by calling 435-722-4518 at least 3 days prior to your appointment.

Individuals with speech and/or hearing impairments may call the relay Utah by dialing 711, and/or Spanish relay Utah: 1-888-346-3162 for assistance.
